

## Barkai's 1st Graders Receive Their Own Humash

*Rabbi Joseph Dweck and the boys*

Barkai's 1st graders performed for family and friends at the annual *Mesibat Humash*. Under the guidance of teachers Lilly Hayat, Yael Bentov and Rabbi Shlomo Levi, the students have been perfecting their fluency in Hebrew reading and proper *te'amim* (musical notes).

After weeks of practice, each class sang songs about the Torah, the world Hashem created and how blessed we are to be part of the Jewish people. Each child was given the opportunity to showcase his/her individual Hebrew speaking skills.

Rosh Yeshivah, Rabbi Joseph Dweck, spoke to the students about this monumental day in their lives and emphasized Barkai's method of learning the complete Torah, which they will accomplish in the years ahead. He proceeded to say to the parents, "You shall teach the ideas to your children." He then presented personalized sefer Humash, and a small gift, to the parents who gave them to their children.

This day will undoubtedly remain with each child throughout the years ahead, as they learn the book Hashem gifted to us, as His chosen people.
